

IN THE UNITED STATES DISTRICT COURT
FOR THE NORTHERN DISTRICT OF IOWA
(Cedar Rapids)

RECEIVED JAN 20 2022

JACK LOSEE,
Plaintiff,

No. 1:22-cv-00004-CJW-KEM

VS.

PLAINTIFF'S NOTICE
TO THE COURT CONCERNING
FURTHER EVIDENCE ISSUE

BETH SKINNER et al.,
Defendants.

Comes Now the Plaintiff Jack Losee, pro se,
and gives Notice to the Court about further
evidence, and the issue thereof.

Plaintiff wishes to inform the Court that there
are several prison officials and maintenance
personnel that are aware of the mold issues
in LUC. But due to the seriousness of
this issue, and the major construction and
finances it would take to clean out the
mold and properly ventilate the building,
including the cells and the pipe chases,
the officers and maintenance personnel fear
retaliation if they submit affidavits about
what they know. And regardless of what
the prison administrative and D.O.C. personnel
may claim, that fear of retaliation is a

real possibility.

Wherefore, plaintiff asks this court to make arrangements to meet with counsels at some point, and come up with some way to assure that any officers and maintenance personnel can give true testimony about this issues laid out in this action without fear of reprisal at that time or at any future time because of it.

F.Y.I. We have all been locked down, again, since 1/10/22 due to Covid issues. As a result, those of us in LUC are closed in 24 hours per day with no fresh air whatsoever at any time. It would seem that this may well become a frequent occurrence now because of infections and staff shortages.
